

DERMA II - Fractional Co2 Laser

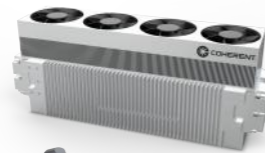

With thousands of tiny focal spot columns of laser emitted into the skin (microscopic treatment zones) the Fractional Co2 Laser penetrate the dermis and make the tissue around scars and wrinkles instantly gasify. This triggers collagen rearrangement and collagen like tissue repair. The results from Derma II treatment is fresh, healthy and younger looking skin.

Treatment heads for 3 systems: Normal, Fractional and Gynecology

7 variable treatment graphics adjustable shapes, sizes and spacing

USA imported Coherent laser device ensures steady and even laser output

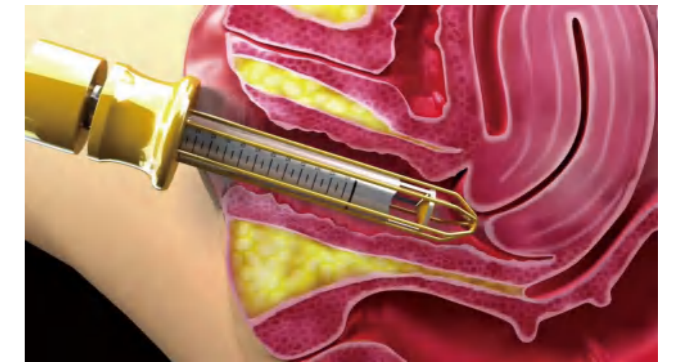

7 Joints articulated light guiding arm Convenient and flexible in operation. Greatly reducing energy loss.

SPECIFICATION

The type of laser	10600nm Carbon dioxide laser
Working Mode	Fractional; Normal; Viginal(optional)
Input power	1000 w
Laser Power	1-40W(1W step)
Pulse width	0.1-10ms(0.1ms step)
Repeat time	1-20 times (1 step)
Spot Distance	0.1mm(100% coverage rate)-2.6mm (1% coverage rate) (0.1mm step)
Scan Shape	Square; Rectangle; Circle; Triangle; Rhombus; Ellipse; Line
Scan Patterns	Standard; Random; Scatter
Display	10.4" True Color LCD Touch Screen
Input voltage	AC 220V 50Hz ;AC 110V 60Hz

VAGINAL TREATMENT

To stimulate collagen contraction, restructuring and regeneration in the vagina an articulate arm probe with automatic 360° rotation technology is used. At a controlled depth inside the vaginal mucosa this arm probe produces 50-70° C and promotes remodeling and proliferation in the collagen fiber. Improved microcirculation in the vaginal mucosa and increased secretion in cells corrects the PH value inside the vagina thus improving the environment inside. The results are long lasting firming nourishing in the female private parts, restoring a harmonius sexlife.

TREATMENT PROCESS

1 before treatment

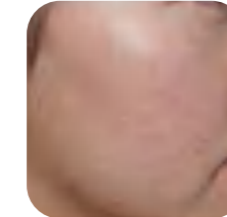

2 during treatment

3 after one minute

4 after 30 days

SCOPE OF TREATMENT

Skin Rejuvenation

Renewing, tightening and resurfacing of the skin, removal of wrinkles

Scar Removal

Smooth stretch marks plus scars from acne, surgery, burns and trauma

Pigmentation Treatment

Remove freckles and other pigmentation, age or sun spots or intractable chloasma

Vaginal Treatment

Treatment of vaginal dryness and for vaginal tightening plus whitening

BEFORE & AFTER
